1. Introduction

Welcome to the Rolls-Royce SAP Sourcing onboarding training guide. This guide has been specifically developed for bidders/existing suppliers, who require access to Rolls-Royce RFx's, Auctions and Contracts within the SAP Sourcing toolset and other eTools such as eConcessions.

This document will provide guidance to carry out the following activities:

- Understand the Supplier on-boarding process
- Understand the Exostar on-boarding process
- Understand the Global Supplier Portal (GSP) login to SAP Sourcing
- Who to contact for technical support for issues related to the onboarding process

Each supplier needs to be registered in GSP/Exostar in order to have access to SAP Sourcing.
This applies to both new bidders and existing suppliers who are not registered to the GSP.

The Rolls-Royce buyer is responsible for inviting the bidder/existing supplier to register in Exostar.

1.1. What is Exostar?

Exostar supports the complex trading needs of many of the world's largest companies in aerospace and defence, life sciences, and other industries. Exostar's cloud-based identity assurance products and business applications reduce risk, improve agility and strengthen trading partner relationships and profitability for over 70,000 companies worldwide, including BAE Systems, The Boeing Company, Lockheed Martin Corp., Raytheon Co. and Rolls-Royce.

Exostar offers services that deliver application access to users across the supply chain and address the lifecycle of supply chain execution. With a decade of experience in delivering these services, we have the experience and expertise to work with companies of all sizes.

1.2. What is the Rolls-Royce Global Supplier Portal?

The Rolls-Royce Global Supplier Portal (GSP) is the new web portal, which allows suppliers to access information and documents such as SABRe and Notice to Suppliers (NTS). It is also a *secure work area* to be accessed anytime by Suppliers and Rolls-Royce employees to automate and accelerate purchasing business functions. This web portal will be the single location for all suppliers to receive important information and interact with Rolls-Royce.

The GSP will provide a measurable framework to facilitate two-way interaction with Rolls-Royce suppliers, enabling us to conduct business transactions, communicate information, answer questions and resolve business issues.

This is a maintained electronic master document. Printed copies are not maintained

1.3. What is Synthesis 2?

Synthesis 2 is a project developing a new electronic web-based SAP Sourcing tool to manage sourcing and buying across Rolls-Royce for the following sourcing activities:

1. Requests For Quotation (RFQ's)
2. Auctions
3. Contract Management

SAP Sourcing will be the only Business to Business mechanism for Suppliers to engage with Rolls-Royce to view and respond to the above sourcing activities.

1.4. Supplier Benefits

- Business to Business (B2B) platform – easier interaction with Rolls-Royce
- Suppliers will be able to view and edit RFX, Contract documents, etc… Their Access Control Level will be defined by the Buyers within each transaction (RFX, Agreements)
- One consistent communication mechanism across all of Rolls-Royce
- Suppliers will have the ability to:
    - When invited - search, view, edit and respond to RFx / Auctions
    - View, edit and respond to Contract documents dependant on their access rights as defined by the Buyers within each transaction
- Time Savings
    - Real time savings through transferring files electronically including export controlled documents to buyers

1.5. Additional Information

For further information on Exostar, please visit their website on: http://www.exostar.com

The Exostar website will contain further information such as:

- Support structure
- Frequently Asked Questions (FAQ)

2. Registration for the Global Supplier Portal

This guide is written for bidders and existing suppliers who are not registered on the Rolls-Royce Global Supplier Portal.

Please follow the steps below to register your organisation to the Global Supplier Portal.

Step	Action	Result
Within Internet Explorer		
1	Open a new Internet Explorer page and click on the following link: GSP Registration Site Or copy and paste the following in your web browser: http://www2.exostar.com/l/4632/2011-11-01/2AC0E	The Exostar Webstore site is displayed. 2	Clicking on '**Start**' button will bring up the Exostar Web Store which will enable the Supplier to purchase the "**Basic Level of Assurance**" (BLOA**)** certificate.	The certificates page is displayed. 
2.1. Registering the Initial User

This certificate is required to access the Rolls-Royce Global Supplier Portal (GSP). The GSP is the interface for many of the Rolls-Royce eTools & applications, where **SAP Sourcing** is one of these tools.

When selecting which certificate you require for the GSP you are presented with the following options:

1. Buy BLOA **for yourself**
2. Buy BLOA for other(s)

3	Click on the radial button – "Buy BLOA **<u>for yourself"</u>**	User selects the "Buy BLOA **<u>for yourself"</u>** option. 4	Click on "**Add to Cart**" button to purchase the certificate. Once this button is clicked, you are presented with the summary page of the certificate you are going to purchase.	User clicks on the "Add Cart" button to purchase the certificate. 5	Before you proceed to purchase the certificate, please make sure you have selected the correct certificate. Once checked, click on the '**Proceed to Checkout**' button.	User clicks on the "Proceed to Checkout" button to purchase the certificate. 
6	You are now presented with the '**Exostar Web Store Checkout**' process page.	Exostar Web Store Checkout page is displayed 7	You are presented with 2 options, which are: 1. New Exostar Web Store Customer 2. Returning Exostar Web Store Customer In this scenario as a new customer, select the first option '**New Exostar Web Store Customer**' and then click on the "**Continue**" button.	User clicks on the "Continue" button to progress with the process. 8	You are now required to provide all necessary information to complete the registration form. Fields, which have asterisk (*) are mandatory and need to be completed in order to continue with the process.	User completes the registration form
9	Once all information is inputted (including the mandatory fields), click on the '**Validate Your Email**' button, so that the system can check that the email address is in a valid format, e.g. **test.name@rolls-royce.com** **Note:** Please make sure that the email address provided is not a generic email address, i.e. **info@test.com**	User clicks on the "Validate Your Email" button to confirm their email address 
© 2012 Rolls-Royce

10	Once you have entered all your details ensure you enter your correct **Shipping Address** if it is different to your Billing Address. Select the following options below: Purchaser Partner: Select **ROLLS-ROYCE** Purchaser Program: Select **Rolls-Royce Basic FIS Cert.** Click on "**Continue**" button.	Shipping address, Purchaser Partner & Program is selected 11	The Shipping Method changes depending upon the type of certificate being used. (Note Welcome to *Suppliers Name* under 'My Account') Click on '**Continue**' button.	Shipping method is selected 12	Once you have clicked on the Continue button, you will now be presented with the '**Payment Information**' page. There are 2 payment options, which you can use. These are: 1. Credit Card 2. Invoice If you choose the credit card option, please follow the normal credit card payment process. **Note**: Rolls-Royce does **not** use the '**Gift Certificate**' function. If you use the '**Invoice**' option, Click on the Radio button for '**Invoice**' then click on '**Continue**' button.	Payment option is selected 
This document is: Unclassified

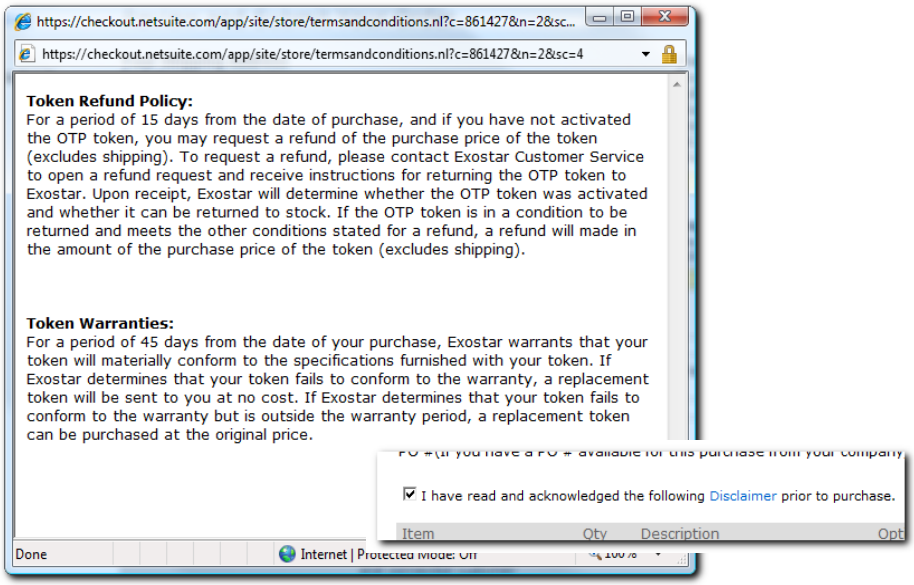
13	The next step is to review and submit your order for the certificate. Please note you will be required to read and acknowledge the 'Disclaimer' prior to purchase. If you agree, click on the '**Tick Box**' and then click '**Submit Order**'	Disclaimer is read, order is reviewed and submitted. 
Below is the screenshot of the '**Disclaimer**', which you will need to accept prior to purchase.



14	You will now receive a confirmation of your order, with a **confirmation number** for your **Basic Level of Assurance (BLOA) Identity Certificate**.	Confirmation of order is processed 15	You have now purchased your certificate for the GSP. Now '**Sign Out**'	The Welcome to Exostar E-Commerce Portal page is displayed 
2.2. Registering Additional Users

This section will now go through how you as a returning customer to the Web Store can purchase additional certificates for additional users for your organisation. Please follow the steps highlighted below to carry out this process.

Step	Action	Result
Within Internet Explorer		
1	Open a new Internet Explorer page and click on the following link: GSP Registration Site Or copy and paste the following in your web browser: http://www2.exostar.com/l/4632/2011-11-01/2AC0E	The Exostar Webstore site is displayed. 2	Clicking on '**Start**' button will bring up the Exostar Web Store which will enable the Supplier to purchase the "**Basic Level of Assurance**" (BLOA**)** certificate. Click on 'Continue' button for Returning Exostar Web Store Customer.	The certificates page is displayed. 3	Click on the radio button – "**Buy BLOA for other(s)**"	User selects the "Buy BLOA for other(s)"

4	Fill in the required fields as a minimum. All fields marked with an asterisk (*) is mandatory. Once all the information is filled out, click on the '**Add to Cart**' button	Required fields are populated 5	This screen indicates what you are about to purchase. It details the costs and the user you are purchasing the certificate on behalf of. Please ensure it is a '**Basic Level of Assurance (BLOA) Identity Certificate'** and the details are correct. Once all details are checked, click on '**Proceed to Checkout**' button.	User proceeds to the checkout page and ensures the certificate details have been checked and processed 6	Once you have clicked on the '**Proceed to Checkout**' button, you will now be presented with the '**Payment Information**' page. There are 2 payment options, which you can use. These are: 1. Credit Card 2. Invoice If you choose the credit card option, please follow the normal credit card payment process. **Note**: Rolls-Royce does **not** use the '**Gift Certificate**' function. If you use the '**Invoice**' option, Click on the Radio button for '**Invoice**' then click on '**Continue**' button.	Payment option is selected 
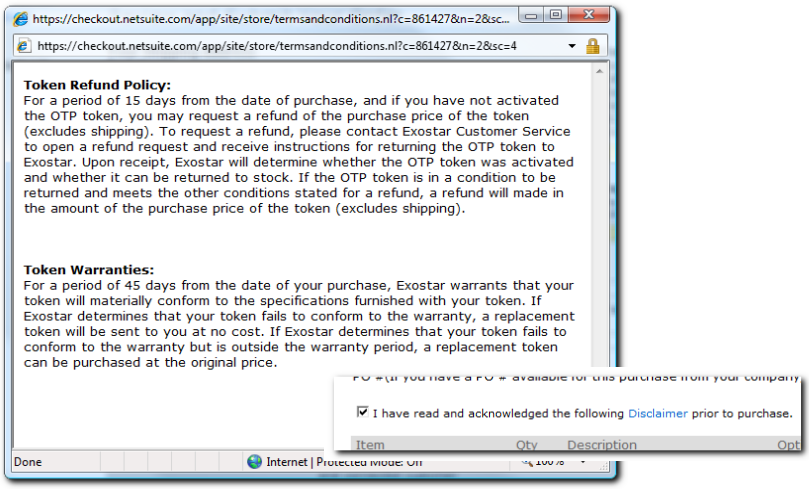
© 2012 Rolls-Royce

7	The next step is to review and submit your order for the certificate. Please note you will be required to read and acknowledge the 'Disclaimer' prior to purchase. If you agree, click on the '**Tick Box**' and then click '**Submit Order**'	Disclaimer is read, order is reviewed and submitted. 
Below is the screenshot of the '**Disclaimer**', which you will need to accept prior to purchase.



8	You will now receive a confirmation of your order, with a **confirmation number** for your **Basic Level of Assurance (BLOA) Identity Certificate**.	Confirmation of order is processed 9	You have now purchased your certificate for the GSP. Now '**Sign Out**' or '**Continue Shopping**'	The Welcome to Exostar E-Commerce Portal page is displayed

This document is: Unclassified

This is a maintained electronic master document. Printed copies are not maintained

10	If you do click '**Continue Shopping**', you will be presented with the '**Welcome to Exostar E-Commerce Portal**' page. You will need to scroll down the page and click on last section, which is '**Basic Level of Assurance (BLOA) Identity (purchase now)**' to continue with the purchase of a certificate for another user.	'Basic Level of Assurance (BLOA) Identity (purchase now) is required for the GSP 
Only choose Basic Level of Assurance (BLOA) Identity (purchase now) to continue purchasing the GSP certificate (below).

Basic Level of Assurance (BLOA) - Identity (purchase now)

The Basic Level of Assurance Identity product includes a single digital certificate that supports login to the Managed Access Gateway and connected customer applications.

Components:

- Software based product with a level 2 level-of-assurance.

Associated Campaigns:

- Rolls-Royce GSP ID

2.3. Follow On Steps to conclude the Onboarding Process

Exostar will validate the BLOA request against certain criteria and perform a 'Matching' exercise, which will check that a bidder/supplier is new to Exostar and not an existing customer. If the bidder/supplier has an existing account, Exostar will invite you to subscribe to the Federated Identity Service (*FIS) and Global Supplier Portal (GSP) applications.

If your organisation does not have an account, Rolls-Royce will invite you (the bidder/supplier) to join the Exostar supplier ecosystem and subscribe to the Federated Identity Service (FIS) and Global Supplier Portal (GSP). In either case, you (bidder/supplier) will be required to accept the Terms and Conditions for both applications and complete the certificate download process.

NOTE

Please see **Appendix A (Emails from Exostar Web Store)** for the emails, which you will receive from Exostar to enable for you to complete your registration process and download your FIS certificate. The 3 emails are:

- *Exostar Invitation for Application Access*
- *Exostar Account First Time Login Instructions – Link to First Time Login webpage*
- *Exostar FIS Subscription Approved – Link to Download Certificates Exostar help document*

You will have **30 days** in order to complete and download the FIS certificate before it expires. If you do **NOT** download the certificate before it expires, you will be required to purchase a **NEW** '**Basic Level of Assurance (BLOA)**' certificate.

* FIS is the Application that has been designed to manage Digital Certificates.

3. Terms & Conditions

You are required to accept the terms and conditions for the following applications:

1. User agreement - Federated Identity Service (FIS)
2. Organisation agreement (Only signed once) – Federated Identity Service (FIS)
3. User agreement – Global Supplier Portal
4. Organisation agreement (Only signed once) – Global Supplier Portal

By accepting the above terms and conditions for the specified applications, you will now have access to the **Global Supplier Portal** and its applications such as **SAP Sourcing**.

4. Support

For any technical issues with that you may have with the registration process, please contact the Exostar Customer Services via the following:

Email: customerservice@exostar.com
Telephone: UK – 0203 3007093 or Worldwide: 001 703 793 7800

If you have any SAP Sourcing support questions, you can contact the Rolls-Royce support team via email or telephone via the following:

Email: Rolls-Royce_ITServiceDesk@rolls-royce.com
Telephone: +44 (0)1332 248100

5.3. FIS Subscription Approved – Download Certificate

Subject: Action Required: **Exostar FIS Subscription Approved – Download Certificates**

Dear <First Name & Last Name user whose certificates are ready for download>,

Your request for subscription to the Exostar Federated Identity Service has been granted.

YOU NOW MUST DOWNLOAD YOUR NEW CERTIFICATES USING THE INSTRUCTIONS BELOW. If your passcode expires, you will need to re-apply for your certificate. This certificate re-application may result in additional cost to your organization.

INSTRUCTIONS TO DOWNLOAD BASIC LEVEL OF ASSURANCE CERTIFICATE:
- Make sure you have reviewed the digital certificate download system requirements at http://www.myexostar.com/WorkArea/showcontent.aspx?id=1060.
- Log into https://portal.exostar.com using User ID: <user ID>.
- Go to "My Account" tab and select "Manage Certificates".
- Enter the passcode exactly as it is displayed (see below):

FIS PASSCODE: <passcode>
(This passcode will expire 30 calendar days from today.)

NOTE: It is important that you enter the passcode exactly as displayed, including the hyphens.

YOUR ACCOUNT DETAILS:
User ID: <User ID of user whose certs are ready for download>
Organization Name: <Organization Name/Business Unit of user whose certs are ready for download>
Organization ID: <Organization ID of user whose certs are ready for download>

NEED HELP? http://www.myexostar.com/contactSupport.aspx
DO NOT reply to this email. This is an automated email and replies are not being monitored.
Confirmation Code: <workflow request>. Please note that this is not the passcode to download your certificate(s).
