The Global Supplier Portal

The way to do business with Rolls-Royce

- An online platform giving you access to daily business operations with Rolls-Royce
- Secure global entry 24 hours a day
- Exclusively for Rolls-Royce and our suppliers
- Growing number of tools and applications on offer

New Bidder/Existing Supplier On-boarding process (Self on-boarding)

- This has been developed for new bidders and existing suppliers, who require access to Rolls-Royce Global Supplier Portal (GSP) for a variety of eTools such as the SAP Sourcing toolset (RFx's, Auctions and Contracts), Supplier Scorecard, Approved Supplier List (ASL), eConcessions etc.
- In order to access the secure area of the GSP you will need to on-board yourself via the Exostar Web Store and purchase your BLOA certificate which (once downloaded) authenticates you, the user and enables access
- Your Rolls-Royce buyer is responsible for inviting you, the bidder/existing supplier contact, to register in Exostar
  - You will then need to purchase the Basic Level of Assurance (BLOA) certificate from the Exostar Web Store site
  - Follow the emailed instructions from Exostar for 'First Time Login'
  - Complete the registration by accepting the T&C's
  - Download the certificate in order to access the secure area of the Rolls-Royce GSP

Supplier Benefits

- Business to Business (B2B) platform – easier interaction with Rolls-Royce
- Supplier assessment results and action descriptions will be accessible to the supplier through the Global Supplier Portal
- Suppliers will be able to view and edit RFX, Contract documents etc.
  The Access Control Level will be defined by the Buyers within each transaction (RFX, Agreements)
  - If new bidders and existing suppliers do not on-board to the GSP for access to SAP Sourcing, They will NOT being able to send or receive RFx quotations and Contract negotiations. This will become mandatory, so please ensure you register via the Exostar Web Store link and complete the registration process by downloading the FIS certificate. Other methods of communicating RFx's and Contracts will be superseded by this process
- One consistent communication mechanism across all of Rolls-Royce
- Suppliers will have the ability to:
  - When invited - search, view, edit and respond to RFx / Auctions
  - View, edit and respond to Contract documents (NDAs, GCPs, Supply Agreements, etc.) dependant on their access rights as defined by the Buyers within each transaction
- Time Savings
  - Real time savings through transferring files electronically including export controlled documents to buyers

Process Flow

- Once invited. Follow the link to the Exostar Web Store to purchase the Basic Level of Assurance (BLOA) certificate from the Exostar Web Store site
- Review, confirm and Purchase
- Follow the emailed instructions from Exostar for 'First Time Login'
- Complete the registration by accepting the T&C's
- Complete FIS download
- Access the GSP for access to SAP Sourcing
- Download the certificate in order to access the secure area of the GSP
